

Community-based Restoration— Challenges & Opportunities

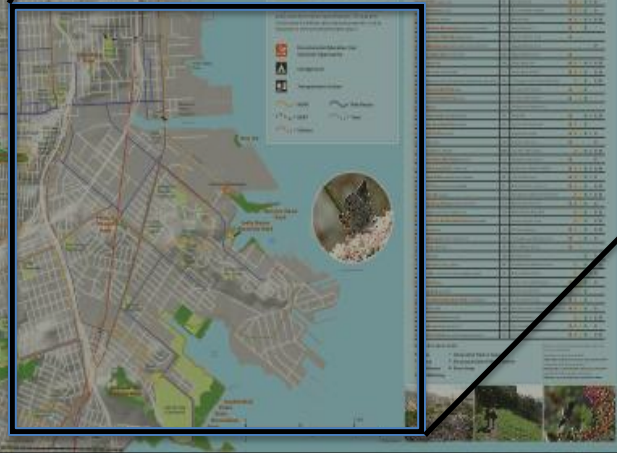

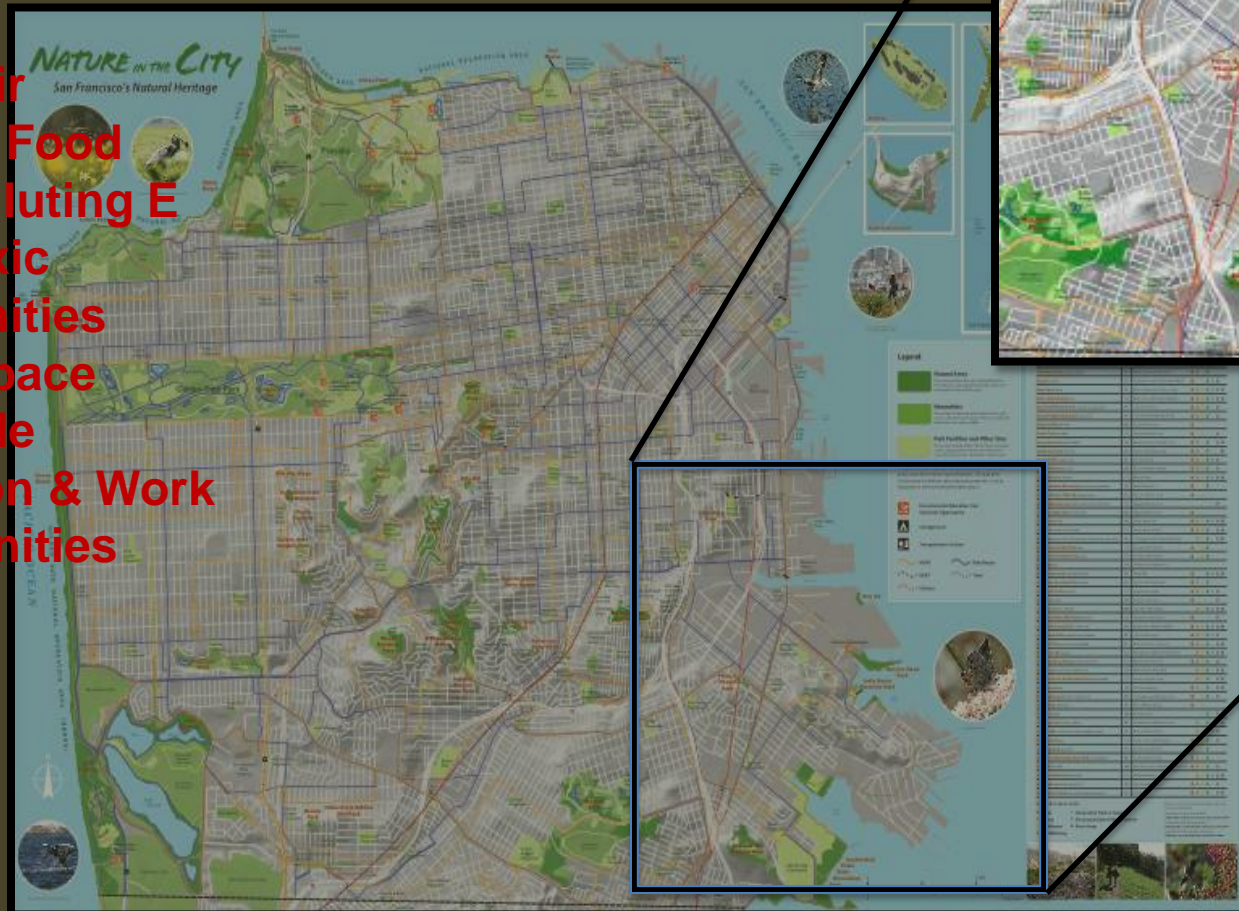

Anthony Khalil, *Heron's Head Park Naturalist*

Open Space Equity

Restoring Environmental Justice in an Urban Wetland

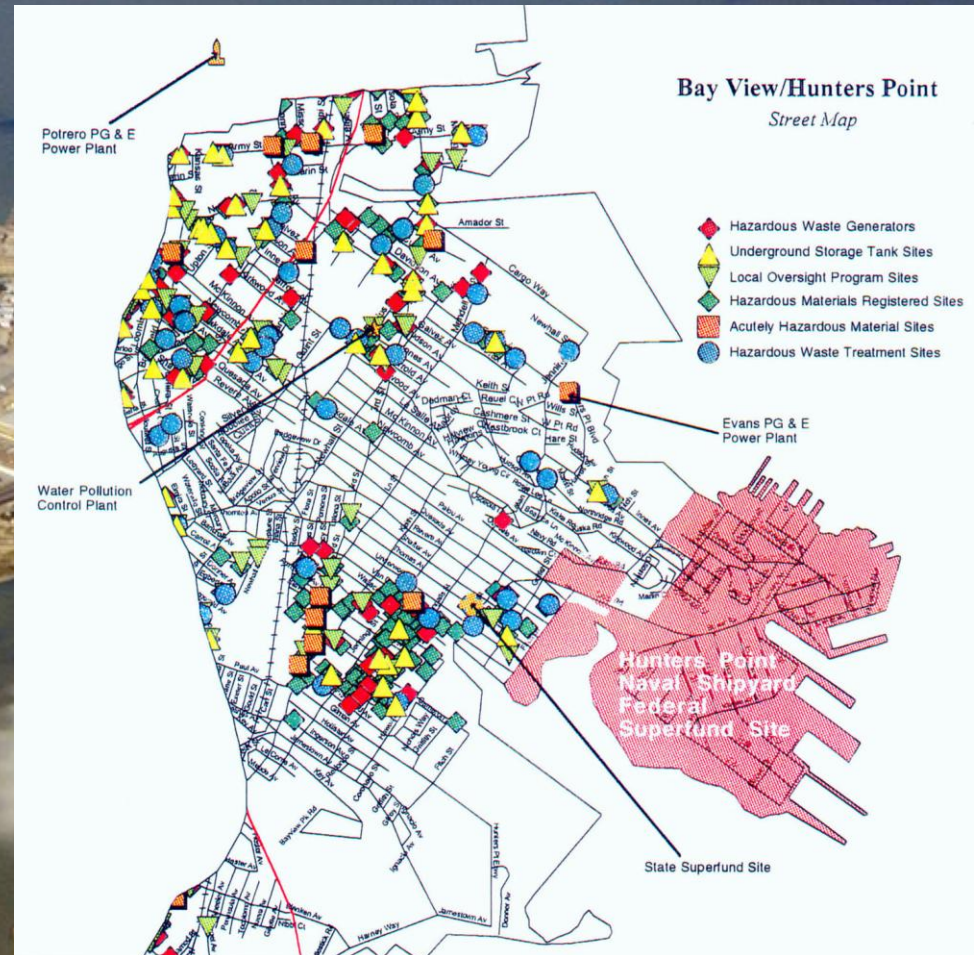

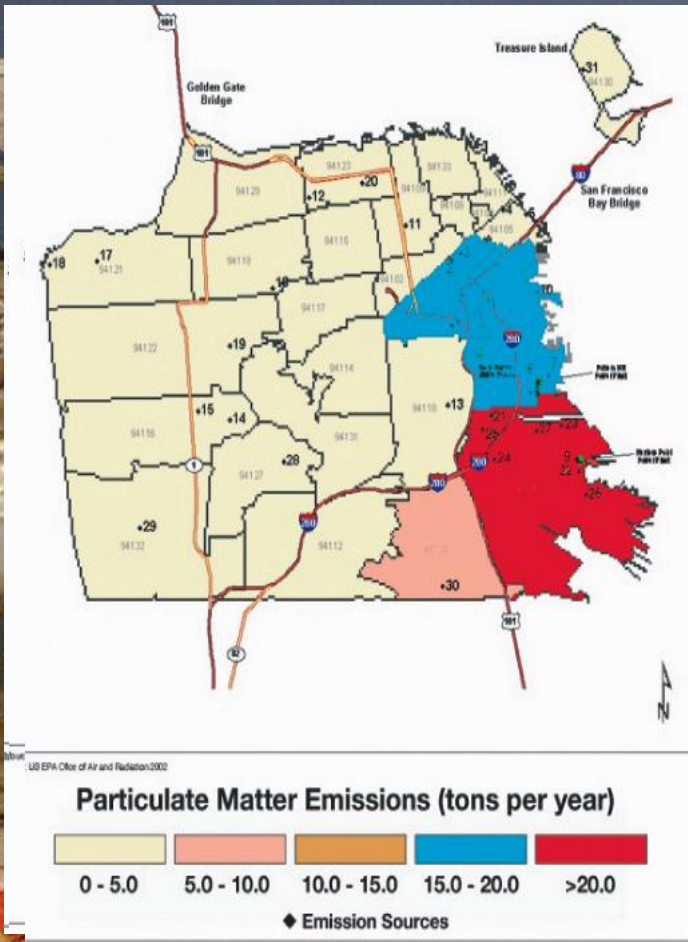

All Species have the right to their basic needs:

- Clean Air
- Healthy Food
- Non-Polluting E
- Non-Toxic
- Communities
- Open Space
- Equitable
- Education & Work
- Opportunities

Bayview Hunters Point, San Francisco, CA

Challenges of an Industrial legacy

Transformation of Pier 98-- Heron's Head Park (HHP)

Habitat Restoration

Environmental Health =
Community Health

Environmental
Education

Stewardship

This is what Green looks like:

The EcoCenter at HHP

BVHP Youth Employment

Youth Development/Leadership

Empowering Eco-Citizens.....

Responsibility of
Sustainability

Restoration Reverence

towards an Ecologically Sustainable and Socially Just Estuary
